

FORERUNNER

MORE THAN JUST A MEAL

SUSTAINABLE PALM OIL POLICY

Palm oil produced unsustainably has and continues to cause destruction of the world's tropical forests.

Forerunner Personal Catering Ltd is committed to ensuring that the food products we buy and use contain only sustainable palm oil.

Sustainable palm oil (RSPO certified palm oil) must be deforestation free. It must also meet certain standards, which include assessing land for its conservation value before developing new plantations; including wildlife corridors; improving working conditions for producers; prohibiting illegal and child labour; and gaining permission from communities beforehand. Palm oil is the world's most efficient oil crop, up to 9 times more oil per hectare than other oils.

Forerunner has become a Dorset Sustainable Palm Oil Champion and has checked that all its current products use only sustainable palm oil.

Any new products will be checked with the supplier to ensure that they are RSPO certified.
